

# THE BENEFITS OF Outsourcing

“ *Bursar, Winchester College*

We moved to Chartwells Independent in 2022, our first experience with an outside contractor for school services. Despite initial concerns, Chartwells impressed us with their resourcefulness, sensitivity, and professionalism during a time of uncertainty. After nearly 3 years, we've seen improvements in quality, innovation, and transparency in spending.

## Partnership

- We form long term strategic partnerships with trust and integrity through open and proactive communications from your dedicated team
- Dedicated mobilisation team to help initially with mobilisation and to provide ongoing support at no cost to you

## Your People

- A 95% TUPE retention rate meaning that the majority of your team will remain as part of your school catering team
- Wealth of training and development opportunities for your catering team
- Our robust systems and support structure allow the on-site team to focus on the most important aspect of catering – delicious food and exceptional service

## Financial

- In light of potential VAT changes we can offer full benchmarking support and highlight any efficiencies not compromising on quality
- Delivering efficiencies through our larger purchasing power
- Fully transparent budgets and reporting tailored to your requirements

## Food

- Proactively driving innovation and improvements to your catering operation across all aspects of food and service to deliver exceptional service for your school community
- Leading the way in advancing food and service quality through innovative strategies that elevate the dining experience for your students and staff.

## Tailored to you

- Delivering you a flexible offer that is 100% bespoke to your school
- Serving meals that cater to your students' tastes and preferences

## Nutrition and Compliance

- Award winning allergen and medical diet systems
- Team of 20 nutritionists who deliver food education and sustainability workshops to your pupils at no extra cost to you
- Fully audited supply chain delivering traceability and sustainable solutions
